

Welcome to the St. Bruno Family

"What a wonderful school! St. Bruno's is an elementary school (TK-8th Grade) with a passionate principal, a strong and innovative teaching staff, and a dedicated community of supportive families. The majority of children are high achievers but students of almost all academic abilities will find their niche at St. Bruno's. Each and every student is treated with respect and as a valued member of the St. Bruno community. Students are nurtured in their Catholic faith and character education, building a community of students eager to serve and lead. When our older children entered High School, they said that they were 'over prepared' and far ahead of many of their peers as far as academia, study habits and time management, not to mention their faith formation...a tremendous testament to their teachers!! Catholic education is definitely an expense and we make sacrifices to send our children to St. Bruno's. But it is a priceless investment in our children's future. We are so thankful and proud to be part of the St. Bruno Family!"

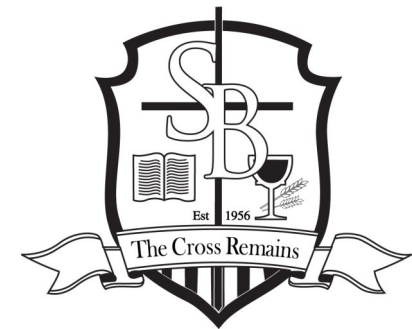

"As parents of two children who attend Saint Bruno we thoroughly researched the available Catholic Schools near us before we decided to become part of the Saint Bruno "family," because that is truly what it has become for us. The available extra-curricular activities such as sports that my children started playing in the third grade, the Academic Decathlon team and available student council all serve to mold more well rounded young scholars. The quality of instruction from the dedicated staff members is evident in the return of "our investment." Our children are consistently challenged and the product of hard work, dedication, and committed teachers is clearly evident as the fundamental groundwork is laid for their educational and spiritual journeys. We made the right choice to invest in our children's future and made the right choice in Saint Bruno."

Congratulations!

- 2013-14 Big Ten League Champs in Football, Basketball and Soccer
- 2013-14 Academic Decathlon Medalists in Logic, Literature and English
- Jan. 21, 2015 Isaiah Ramos 1st and Adrian Galarza 3rd in U.S. in Mathletics, 3rd and 7th Internationally

What People Are Saying

St. Bruno Catholic School gets top reviews

A Happy, Safe and Loving Environment of Faith

"My son has attended Saint Bruno Catholic School since Kindergarten. My husband and I have been very pleased with the positive learning atmosphere he is receiving at Saint Bruno. There are many great things happening at Saint Bruno. Perhaps the biggest part of our experience at Saint Bruno is learning about and practicing our Catholic faith. We are parishioners of Saint Bruno Catholic Church and it is very important that our son is spending his days in a safe and loving environment. Our son is very comfortable talking about God and Jesus and other aspects of our faith because he has never had to experience an environment where he couldn't talk about it."

"We are so grateful for the presence of St. Bruno School in our community! We had three children attend St. Bruno School and are so grateful for their Catholic school foundation. Each went on to a Catholic High School and even Catholic universities. We believe the foundation they received at St. Bruno School prepared them academically and spiritually for higher education and for life."

Only Catholic School in the area with 1-to-1 Technology in grades 1-8 and iPads in TK and K

"St. Bruno Catholic School is a gem in the Whittier area. The students enjoy a full day of academic studies including Science, Music, Spanish, 1-1 technology in each subject area - but most importantly, a day which embraces the gospel teachings of Jesus. It is a happy campus within the walls of each classroom as well as on the field, at the lunch tables and as you enter the school, as music making is heard the minute you walk through the front door."

"Our Principal and Vice Principal are amazing - they always make sure our children are learning new things and are keeping up with the world of technology."

Academic Excellence

"I am extremely pleased with the educational program offered at St. Bruno. With a consistently updated technology component, each student's learning modality is addressed within instructional segments, thus providing students the opportunity for individual success."

Caring and Talented Faculty

"The faculty is so welcoming and willing to support us in our daughter's education. We love hearing about her day, but especially how she is growing in her Faith. It is wonderful to be part of this school community."
